**ELECTIVE:** We do not plan to offer any electives at this time.

## **VACATION TIME:**

Any time away from scheduled clinical work is considered paid time off (PTO). Sick days, emergency leave, scheduling for interviews, conferences (including presentations), et cetera are all considered PTO.

PTO is 15 weekdays for PGY I and II residents and 20 weekdays for PGY III, IV and V residents. The PGY I resident contract is one year and five days long. These five days will be given to preliminary PGY I residents at the end of the year, as time-off to allow for an early departure. For categorical residents, they will be reserved for unexpected absences (sick days, emergencies, et cetera).

Residents on Acute Care Surgery (ACS) service are not permitted to take vacations except under extenuating circumstances and with the written approval of the Program Director.
